Office of Legislative Counsel

Friday - 6 August 1954

- - - - -

Congressman Leroy Johnson (R., Cal.) visited the Agency this morning. He was briefed on overall Agency organization by Mr. Pforzheimer and Mr. Houston; Mr. Sheldon then answered some general questions regarding overall Soviet strength. The DCI came in and talked generally with Mr. Johnson for a few minutes. Following this, Mr. Andrews, AD/OCD, conducted the Congressman on a tour of OCD facilities, with which the Congressman was extremely impressed. The visit seemed to indicate that the Congressman would give us his staunch support. I mentioned our desire to create a career service, and he stated he wanted to be sure that we had appropriate legislation for this purpose.
